## EDUCATION

### **Bowie State University, 14000 Jericho Park Road — *Bachelors Degree in Computer Technology***

August 2021 - Present

GPA:3.3

### **Brooklyn S.T.E.A.M. Center, Brooklyn Navy Yard — *CTE Sequence***

SEPTEMBER 2019 - June 2021

Enrolled in computer science/IT CTE program at the Brooklyn STEAM center

Engaged in several team projects such as cohort website designing, copper network design and invoice, and set up a small office/home office network

Learned various information technology skills through projects such as PC building, support ticket collection, operating system configuration, system hardening plans and fiber optic network upgrading plans

Learned several computer science principles such as python functionables, parsing log files with python, and investigating, and basic website designing with HTML and CSS

### **Bedford Academy High School, 1119 Bedford Ave — Diploma**

SEPTEMBER 2017 - June 2021

GPA:3.5

AP Human Geography, Honors English, AP Environmental Science, College Information Technology 101

Honor Roll (2017-2021)

Perfect Attendance (2017-2020)

Participated in a mentoring and tutoring program for incoming freshman (January 2019-May 2019)

Debate team (February 2018-june 2018)

Yearbook committee

Member of the National Society of High School Scholars

## SKILLS

Networking

Cyber Security principles

IT Essentials

Python

Website design

Critical Thinking

Problem Solving

Recruitment

Communication

Collaboration

## AWARDS

Honor Roll

Perfect Attendance

## CERTIFICATIONS

OSHA

Copper Tech

MTA Networking  
Fundamentals

MTA Security  
Fundamentals

MTA Introduction to  
programming using python

## **VOLUNTEER EXPERIENCE**

### **Golden Harvest Client Choice Pantry, 376 Throop Avenue — Voluntary Services**

JUNE 2019 - Present

Volenteral service at a food pantry and engaged in several activities such as distribution, restocking, inventory, and recruitment

## **WORK EXPERIENCE**

### **Northeastern Cybersecurity virtual externship- Experience Externships**

March 2021- April 2021

Learned about present cyber security threats that the country faces and engaged with industry professionals to get a better understanding of professions within the field

Built in-demand employability skills such as critical thinking, problem-solving, confidence and collaboration through several projects throughout the program

established foundation cyber security knowledge such as the importance of data protection, incident response and digital analysis

## **EXTRACURRICULAR ACTIVITIES**

### **Bed Stuy Karate-Do, 3 Sumpter St — Taekwondo**

SEPTEMBER 2008 - OCTOBER 2019

Obtained Brown belt and built skills of Discipline, Confidence, focus on tasks, and perseverance in completing tasks
